Thomas Kim
Software Engineer | Multimedia Designer

I am a skilled developer proficient in both front-end and back-end development. With experience in multimedia design and marketing, I offer a unique blend of technical expertise and creative vision. Excited to collaborate with you and deliver exceptional work.

Employment History

Software Engineer at AMC Group
SEPTEMBER 2021 — OCTOBER 2023

Dedicated software engineer with 2 years experience creating impactful VBA and C# tools to enhance operations and functionality within Microsoft Office. Entrusted with problem-solving through coding to improve efficiency, reduce repetition, and mitigate errors. Successfully completed over 100 coding tasks and 90 research projects. Primary expertise in VBA.

Freelancer | Video Content Creator
NOVEMBER 2019 — SEPTEMBER 2021

Produced over 270 videos growing YouTube to 12k subscribers and Bilibili to 24k followers. Gentle male voice honed for emotional voiceovers. Designed and developed 3 apps and 1 website creating comprehensive restaurant system with Voucher, Table Reservation and Food Ordering features. Involvement spanned front-end, back-end, database design and logo creation.

Multimedia Designer at AMC Group
SEPTEMBER 2018 — SEPTEMBER 2019

Served as multimedia designer focused on UI and logo design. Role demanded meticulous attention to detail and high-quality standards which I consistently delivered. Honed skills crafting seamless, user-friendly UI design flow to enhance user experience. Also undertook extensive video editing and website design projects, further broadening creative and technical abilities.
